## Sociology (AA Sociology - BA Sociology)

**NSU B.A. Sociology:** Sociology is the academic discipline focusing on the systematic study of people in interaction with one another and in organized relationships. The emphasis is on understanding how people relate to one another and why they act the way they do. Our program's goal is to help students reach an understanding of sociology and to connect this understanding with the actual social world. There are four bases for selecting an undergraduate major in sociology: 1) It is valuable in developing a general liberal arts education that emphasizes improving the quality of life for oneself and for others; 2) It is valuable in education for the helping professions; 3) It is valuable in providing a background for persons wanting to become professional social scientists; 4) It provides pre-professional training for other fields.

**Major Guidelines / regulations:** For admission to the BA program, students must have completed ENGL 1113, ENGL 1213 with a grade of "C" or better; completed MATH 1513 with a grade of "C" or better or score 23 or higher on the Math ACT; satisfied the university's computer proficiency requirement; and achieved an overall GPA of 2.25 or higher. Students must achieve an overall GPA of 2.25 or higher. Students enrolled in classes offered by the COLA are expected to behave according to those Standards of Professional Behavior, found on the COLA website. Graduation with the BA degree requires that all core and major classes must be completed with a "C" or better and that 21 (of 42) credits in the BA core must be earned at NSU.

**What it takes to complete a B.A. in Sociology from NSU.** If you don't complete your AA or AS at TCC, you will need to meet NSU's specific general education requirements. You must complete at least 124 hours to earn a bachelor's degree. Of those hours, 60 must be from a university (4 year school; 30 hours required from NSU), 40 must be junior and senior (3000/4000) level, and half of the hours (50%) in your major must be from NSU. You must also be both English and computer proficient. This means that you must pass ENGL 1113 Composition I & ENGL Composition II with a "C" or better and pass the designated computer proficiency class if needed. Therefore, when you transfer to NSU, you will likely need around 60 more hours to earn your bachelor's degree.

**Transferring to NSU is a seamless process.** Although you can transfer to NSU at any time in your academic career, the smoothest transition occurs if you have earned or will earn an A.A. or A.S. from TCC. This milestone will also meet your general education requirements at NSU (unless it is a specific NSU requirement for you to graduate).

**How do my TCC classes transfer to NSU?** Every class that you take at TCC will transfer to NSU. Every class you take at TCC will transfer to NSU. Each class counts in one of the following categories that make up a bachelor's degree: general education, major, minor, or free elective. Minors (18 hours) are a coherent set of courses in a discipline or interdisciplinary grouping other than a student's degree program. **This program requires a minor.** Free electives can be selected from any academic area. They allow you to explore academic interests outside of your major while counting toward the 124 hours you need to graduate. If you completed a class at TCC that does not meet one of the other specific requirements, it will count as a free elective. If you complete more than 64 hours at the associate degree level, all courses will transfer to NSU, but may be counted as electives. You must have 60 hours from a four-year institution to meet state requirements for graduation with a baccalaureate degree.

**When can you start taking NSU classes?** You can begin taking classes at NSU while you are completing your A.A. or A.S. at TCC. This is called dual enrollment and many students do this each semester. Consult an NSU academic advisor and a financial aid counselor to see how dual enrollment can work for you.
